

# HEY JAYHAWK FANS!

What can you say about the greatness that is Kansas basketball? When the inventor of the game is your team's first coach, you know you're going to have a ferocious legacy. And what a legacy it is: the most winning seasons in Division I history, some of the most successful coaches in the game, and players who have gone down in the record books.

Let a University of Kansas Warmer be a symbol of your team spirit. The warmer—featuring the Jayhawks logo—will look great among your team swag and keep things fresh on game day.
